

# GFB BUSINESS CENTER – SAUDI

Saudi Business Center is a new service of Gulf Future Business that focuses on providing the decision-makers from different industries to expand their company in Saudi Arabia without the need for a local partner and with hassle-free processing.

GFB Business Center will enable you to network your business anywhere in the kingdom and this is a great avenue to grow your company. GFB Business Center will give you endless opportunities to market your products and services in Saudi. Establish your business and reach out to your local clients using effective strategies. Let us help you make things possible for your business.

# WHY OPENING BUSINESS IN SAUDI?

Saudi Arabia is the largest country in the Gulf region with a population of 33 million, and the largest economy in the Arab World with a GDP of \$ 782 billion. It is the only G-20-member country in the region. Saudi Arabia has almost 16 percent of the world's proven petroleum reserves, plays a principal role in OPEC, is one of the world's largest producer and exporter of crude oil, and is a large-scale oil refiner and producer of natural gas. With its vast land and appeal to travelers, Saudi Arabia presents many opportunities for foreign businesses. The world's largest exporter of petroleum, Saudi Arabia has used its wealth to establish several bustling cities.

Saudi Arabia's Vision 2030 and the National Transformation Program (NTP) suggest a paradigm shift from a public sector-driven economy to one driven by the private sector as the main engine for economic growth and job creation.
